# Why Not Save \$109.20 Per Year On Votive Candles?

We have taken the figure of \$109.20 as the irreducible minimum that you will save per year by using our new votive candle instead of the ordinary vigil light. It is based on the very conservative estimate that you use at least one gross of candles per week. If you use more—as you probably do—your saving will be proportionately greater.

The comparative figures are as follows:

Price of ordinary vigil light per gross . . . . .	\$6.00
Our new votive candles per gross . . . . .	\$3.90
Saving to you per gross . . . . .	\$2.10

Multiplying this saving of \$2.10 per week by the 52 weeks gives us the total saving of \$109.20. You can make an even greater saving by taking advantage of our quantity prices which are as follows:

In 24 gross lots . . . . .	\$3.80
In 48 gross lots . . . . .	\$3.70
In 100 gross lots . . . . .	\$3.60

The low price of our votive candles is not achieved at the sacrifice of quality. They are odorless, sanitary, non-combustible and smokeless, burning with a splendid, even light to the very end.

The prices above cannot be guaranteed for long on account of unsettled market conditions. Sending your order *today* may save you money.

# **PYRAMID BRAND NATURAL SLATE BLACKBOARDS**

***Outlast the Building in which Installed***

---

When you install a Pyramid Brand Blackboard of Natural Slate, you have made a permanent investment. You will get year after year of uninterrupted service from it—without spending a penny for up-keep expense. It will not warp or crack. Its velvety-smooth, dead black surface will not chip, dent or peel—because a Natural Slate Blackboard has no artificial surface or veneer to be renewed periodically. It is easily cleaned, sanitary.

Pyramid Brand Natural Slate Blackboards—from the famous Pennsylvania district—are installed in hundreds of schools and colleges, in every section of the United States.

Each board is selected, sawed, split, dimensioned and finished by carefully standardized operations—each is branded with the Pyramid Trade Mark as a guarantee of satisfactory, permanent service.

Write for "Natural Slate Blackboards—Their Standardization and Correct Installation." Prepared in co-operation with the Slate Industry by D. Knickerbacker Boyd, Architectural Advisor and Structural Standardist, a former Secretary American Institute of Architects

Rev. Father Kuszynski, of South Bend, Indiana, says that

## The Acme Portable Projector

has rendered incalculable service. Please read his letter:

Mr. O. J. Holmes,  
c. o. Acme Motion Picture Projector Co.,  
Chicago, Ills.

Dear Sir:

Your machine has rendered incalculable service to our community. It projects a perfect picture on my screen. Its superior workmanship surpasses every other portable projector.

I have recommended that the Sisters of Holy Cross, Notre Dame, Indiana, purchase an Acme from you. I gave them the address of your company this evening. I am also getting some of the Clergy interested in your wonderful machine.

St. Casimir's Rectory,  
1308 W. Dunham St.,  
South Bend, Ind., Feb. 17, 1920.

Respectfully yours.

Signed: (Rev.) S. Kuszynski.

Model No. 11, illustrated at the top of the page, is suitable for any Catholic Church, School, Parish Hall, Institution, etc.

Special discount to Catholic Clergymen, Catholic Churches, Colleges, Academies and Institutions. Write for particulars.

## Art Designing Art Church Furniture

An Artistic and Tonally Perfect Pipe Organ has just been placed in one of the fine churches of St. Louis, Mo. Its Case was designed, and its Construction supervised by

**ADOLPH B. SUESS**

Expert Designer

Clergymen desirous of securing artistic and tonally perfect Church Organs, should consult with above mentioned before placing order. Beauty of Tone and Beauty of Design should be requisites of organs intended for use at Divine Services.

**Adolph B. Suess**

1314 Lynch Ave., East St. Louis, Ill.

*Wicks Pipe Organs are Church Organs  
Par Excellence*

DO YOU SEE IN THE STATUES OF  
YOUR CHURCH A LIVING REPRESENTATION OF THE SACRED  
CHARACTERS THEY STAND FOR?

*That is an important question, because it brings to mind the utter futility of inartistic work.*

Church statues should by their realistic beauty actually inspire devotion. And to do this, they must be perfect in an artistic sense. That is why careful buyers to be sure of the best come to the studios of

## YOUR IDEAS ON VENTILATION CAN NO LONGER BE DEFEATED

The Univent is the ideal ventilating system, made up, as it is, of single units for individual rooms, each unit delivering enough fresh air for all requirements—from 600 to 1500 cubic feet per minute.

As to heating—why the special double radiator in each Univent has a heating capacity of ten times that of any ordinary radiator, so that you are sure of ample heating at all times even in *way under zero* temperature. You have your 68 to 72 degrees or whatever you require just the same.

The heated, fresh, pure air, direct from the outside, enters the room at a velocity which diffuses the air to every nook and corner. You know the air is fresh, too, because there are no ducts to foul the air.

Our Catalog and Engineering Data Book will tell you the full and interesting facts about every system—the good and bad features of each and why the Univent is superior because of its fool-proof simplicity.

Write Dept. E.

## Make Your Parish Entertainments Pay

**I**F you show good motion-picture films and *use the DeVry Projector* you can make your Parish Entertainments not only *draw* but also *financially pay!*

The DeVry lets you produce motion pictures of professional quality. It's easy to learn. Carries anywhere. Weighs 20 pounds. Stays in its case when at work. Attach the plug to any lamp socket, press a button and a picture up to 12 feet square is projected and up to 80 feet distant.

Remember—a poor projector kills a good film. Don't decide till you have seen the DeVry. Let us give you a free demonstration in your own Parish Hall. The Knights of Columbus used hundreds of DeVry's during the war. No Parish should be without a DeVry. It fits all the great films of the world—secular, educational, religious.

**DeV** **The DeVry Corporation**  
Marianna Street, Chicago, Ill.

**Gold - Silver - Brass**

In the selection of Altar Vessels in gold and silver or Sanctuary Wares in Brass or Bronze I would be pleased to advise on this subject. My many years experience in the production of ecclesiastical Art Metal goods and medals is at your service.

A letter of inquiry will bring you a whole lot of information that will be of interest.

**William J. Feeley**  
Jackson Bldg., 511 Westminster St.  
PROVIDENCE, R. I.

## Hold Onto the Boys!

All young folks enjoy motion pictures. In fact, the world has gone mad after "movies." Why then do not the clergy run educational, religious and entertaining motion pictures right in the Parish Houses? Many priests are already doing it.

If you want to hold onto the boys, equip the Parish House for showing high grade, uplifting, educational motion pictures; instructive and entertaining in a thousand helpful directions. Visual instruction helps you tell old and young what you want them to know.

Anticipating this world need, the Ford Motor Company has been building the

Ford Educational Weekly, a library of educational films, to which every Parish House in America ought to be a subscriber. The Ford Weekly adds a new film each week on travel, history, industry, science, home life and the like. The films are distributed by the **Goldwyn Distributing Corporation** from 22 leading cities.

Every Priest owes it to himself to know all about the Ford Educational Weekly—the greatest Church aid of the Era. And if you will fill out and mail the coupon below, and couple it with a letter if the coupon does not cover your needs, we'll instantly answer.

*If your Parish House has no Projector, or a poor one, we will assist you to get in touch with the best Projector made.*

## REFRIGERATORS FOR ALL PURPOSES

**M**CCRAY builds refrigerators for every purpose. Thousands of institutions, hotels, clubs, restaurants, florists' shops, stores and markets depend on McCray for efficient, economical refrigerator service.

*For Institutions in particular*—The very life of the institution itself is dependent upon its refrigeration system. To keep foods wholesome and palatable they must be kept in a refrigerator which assures a sufficiently low temperature of cold, dry air that circulates through every compartment—with the McCray this is certain.

*Remember*—Thirty years of continuous development have resulted in the perfected McCray System—by which fresh, cold air is kept in constant circulation through the storage chambers. Only in McCray is the institution certain to obtain years and years of satisfactory refrigerator service. Our position of leadership is a tribute to McCray quality.

Refrigerators in stock sizes are manufactured to meet the requirements of hospitals and institutions—the line is complete. Remember, McCray Refrigerators are arranged for either ice or mechanical refrigeration.

*Plans Free*—Gladly, will our service department furnish plans and suggestions for special built-to-order equipment. Simply send us a rough sketch showing what is desired in the institution in which you are interested.

*Send for Catalog*—Let us send you a catalog that describes a great variety of designs—one to suit every requirement; No. 52 showing many new designs for Hospitals and Institutions; No. 71 for Stores and Delicatessens; No. 63 for Meat Markets; No. 95 for Residences.

# IN COLD CLIMATES

## THEY SELECT GOOD HEATING SYSTEMS

### It is Important

However, it is equally if not more important to do so in milder and warmer climates because in these climates not so much attention is given to the building construction.

Moline Heat is the best investment you could put into your new building. No matter how large or small, or how many buildings.

No automatic traps are used on the radiators nor are vacuum pumps necessary. That explains why not a single cent has been expended for repairs on Moline Heat in any of these buildings, since they were equipped, at least five years ago.

If you are interested in a heating plant, no matter where, send for these catalogs. They will tell you something that perhaps you never knew before—that the most important part of a heating plant is not the furnace, boiler or pipes, but *something else and it is far more important.*

***If you want to know  
what it is, send today.  
Address, Moline Heat  
Dept. E. Moline, Illinois***

## "A System for Church Maintenance"

**This Card Gets Results**

**To Support the CHURCH Is a Duty. Advertise the Fact It Pays**

First brought to the attention of the Reverend Clergy in December, 1919, and within three months accepted by eighty-nine churches.

They Say it is One Hundred Per cent Efficient  
WE CLAIM IT IS THE SOLUTION TO

**"The Problem of Equitable Church Support"**

Send for a free copy of this system; it covers many of the problems confronting pastors today. It is practical and will be interesting reading.

A feature of this system lies in the fact that it will not be necessary to "educate the people up to it." They will appreciate the combination holder for two reasons, the individual name card, and the holder attachment for hats, muffs, purses, etc. The new combination holder was designed for use with the system and is an improvement on our regular hat holder; it is small, neat and if desired, finished to match the pews.

**An Individual Reserved Seat**

## A G&G Telescopic Hoist Saves Time and Money in the Ash Removal at Sacred Heart Academy, Detroit, Mich.

1 man removes ashes from basement to sidewalk Model "A" Hoist with Automatic Gear Shifting Brake Device and Silencer. All that part of Hoist shown in illustration telescopes below grade when not in operation.

THIS is one of the many Catholic institutions that is effecting a large saving in the cost of their ash removal, through the use of a G&G Telescopic Hoist. With this Hoist *one or two* men can do the work of as many as five men—far *quicker, quieter and better* than is possible under the old laborious pulley and rope method.

G&G Hoists are made in various models—*electrical and manual*. Open Hoistway is protected by *automatically operating* G&G Spring Guard Gates. Sidewalk or grade doors *automatically open, close and lock*. Can be installed in old as well as new buildings. No excavating required. Heel of Hoist rests on basement floor.

*Investigate our modern method of ash removal. When writing tell us height of lift; quantity of ashes to be removed and how often; and whether cans are to be hoisted to sidewalk or high enough to dump directly into wagon alongside of Hoistway.*

Annunciation Panel

(Copyright 1920)

THE SCULPTOR owes a great debt to the Catholic Church ; yet he has made some return, for in the very encouragement extended to him he has found the inspiration that made possible those marvels of his art that have done so much toward bringing to the worshiper a keener and more intimate appreciation of the glories of his Faith. Thus Art and Religion have become inseparably entwined in the most perfect communion the ages have witnessed—and one that will unquestionably endure forever.

So completely has this harmony been established that to think of one is almost to think of the other.

And when one thinks of Ecclesiastical Sculpture it is quite natural to think of BERNARDINI'S.

## Benefit by this wonderful Religious Film

**T**HE National Catholic War Council has just produced a 6-reel film history showing the work of the National Catholic War Council during and after the war, the work of the Knights of Columbus overseas and en route to France and America, and their reconstruction work in the devastated regions in France and Belgium.

This is a film story of the work done by Catholics that will evoke the warmest appreciation and satisfaction from your congregation. Use

## The Graphoscope Jr.

to show your congregation how their money has been spent in lessening misery and pain in war-torn France and Belgium.

THE GRAPHOSCOPE JUNIOR is a moving picture machine designed on scientific principles for use in churches and schools. It weighs only 100 pounds, is portable and can be set up and taken away in a few minutes. Because it uses the most powerful incandescent lamp made, it will project very brilliant pictures. It is free from complicated parts, making it very easy to operate.

Write for  
"Graphoscope  
Junior Catalogue"  
giving  
full details

**The Graphoscope Company**  
50 East 42nd Street New York

## Warren H. Conover

ARCHITECT  
NEW YORK

GENTLEMEN:

I beg to inform you that the Composition Flooring installed by you at Keyport High School, Keyport, N. J., has proved very satisfactory in every detail.

The floor is easy to the tread, thoroughly sanitary, warm to the feet, etc. I might state further that in my estimation, it makes a most desirable flooring for work of this character.

Yours very truly,

(S) WARREN H. CONOVER

## Architects Everywhere

# MARBLELOID

## *The Universal Flooring*

For all purposes where long-wearing qualities, beauty of appearance are paramount considerations. It is sanitary, being absolutely waterproof, and it is fireproof—and can't dust, rot or splinter.

Marbleloid has been installed in hundreds of Catholic Churches and Institutions. The most economical flooring that can be laid. Write for booklet. Investigate.

BENZIGER  
BROTHERS'

AUTHORIZED  
VATICAN EDITION

## NEW MISSALE ROMANUM

Published in large Quarto, printed in red and black, from beautiful large type,  
with fine illustrations, on best quality of paper, in the following bindings:

Seal grain imitation leather, gold edges, *net.* \$10.00; the same, in morocco grain, *net.* \$12.00  
American Morocco, gold edges, *net.* 15.00; the same, gold stamping on side, *net.* 17.50  
Finest quality Morocco, red under gold edges, *net.* 22.00; the same, gold stamping on side, *net.* 25.00

These prices are based on the present cost of labor and material. Market conditions are  
so unsettled that it may be necessary to raise these prices at any time.

### WHY IT IS ADVISABLE TO ORDER NOW

All orders received now will be filled at these advertised prices in the order of their receipt.  
It is self-understood that if the selling prices should be lower at the time the Missale is finished  
the advance orders will be filled at the lower prices.
